AI DEMO PROMPTS

1. Summarize the case in 8 bullets with contract, breach, data loss, and risk issues.
2. Build a strict chronology from first outage to current status.
3. Identify contradictions between TechVenture and CloudAxis positions.
4. What are the strongest and weakest pieces of evidence for TechVenture?
5. Extract every deadline and create calendar reminders.
6. Rank the legal risks from high to low with evidence basis.
7. Draft a without-prejudice settlement counter-proposal for May 9.
8. What regulatory obligations arise from the confirmed data loss?
9. Prepare a partner review memo with recommended next actions.
10. What documents are still missing that should be requested urgently?
