Demo Prompts

1. Summarize the case in 8 bullets with the main contract, breach, invoice, and healthcare operations issues.
2. Build a strict chronology with dates, deadlines, and source documents.
3. Identify contradictions between MedCare and BioServe positions.
4. What are the strongest and weakest pieces of evidence for MedCare?
5. Extract every deadline and propose calendar reminders.
6. Rank the legal risks from high to low and explain the evidence behind each one.
7. Draft a client-facing update email that preserves MedCare's rights.
8. Draft a without-prejudice negotiation strategy for the April 9 settlement call.
9. What documents are missing or should be requested next?
10. Prepare a partner review memo with recommended next actions.

Expected Workflow Coverage

- PDF ingestion and text extraction
- Matter classification
- Timeline and deadline extraction
- Contradiction detection
- Evidence strength analysis
- Risk triage
- Settlement and drafting assistance
- Source-grounded RAG answers
